**R.E.バックハウス著 現代経済学の創設者
ーP.A.サミュエルソン 第2巻:1948～2009年
Founder of Modern Economics: Paul A. Samuelson.
Volume II: Being Samuelson, 1948 - 2009**

Backhouse, Roger E., Founder of Modern Economics: Paul A. Samuelson. Volume II: Being Samuelson, 1948 - 2009. (Oxford Studies in History of Economics) 736 pp. 2026:4 (Oxford U. Pr., US) <757-272>
ISBN 978-0-19-781282-2 hard ¥8,525 (税込)

Paul A. Samuelson is widely regarded as the world's leading economist in the so-called "Age of Keynes", the three decades after WWII, acknowledged by his being the first American to win the Nobel prize in economics. *Foundations of Economic Analysis* was a manual on how economic theory should be done, and the nineteen editions of *Economics: An Introductory Analysis* provided the first exposure to economics for millions of students worldwide.

Volume I of this intellectual biography told the story of someone who established himself as the most promising economist of his generation. This volume shows how he went on to dominate the subject. He was well known as a mathematical economist at a time when the use of mathematics in economics was in its infancy but, as this volume shows, he was far more than that. He wrote seminal articles in field after field, including consumer behaviour, international trade, consumer, finance, public expenditure, optimal taxation, the economics of inflation and unemployment, and many others. He had the ability to use his knowledge of mathematics to simplify economic problems, providing the concepts that other economists could use and yet he could write in a style that entertained as well as informed his readers. He helped transform of his department at the Massachusetts Institute of Technology from a relative backwater into the most influential economics department in the United States, its graduates filling influential positions in academia, central banks, and the provision of economic advice to government. He was active in trading commodities and played a significant role in the establishment of index funds. An innovative feature of this biography is that it is not confined to what he called his scientific work but covers his political economy (his analysis of current events and his policy advice) in depth. From the start of his academic career, he was in demand as an economic adviser, his most prominent role being as adviser to President John Kennedy, and he was a regular columnist for newspapers and news magazines from the Financial Times to the Washington Post and Newsweek and a range of Japanese and Korean newspapers.

Grundlagen der demokratischen Verfassung: Festschrift für Robert Alexy zum 80. Geburtstag**

Bäcker, Carsten / Borowski, M. / Sieckmann, J.-R. (Hrsg.), Grundlagen der demokratischen Verfassung: Festschrift für Robert Alexy zum 80. Geburtstag. 878 pp. 2025:9 (Mohr, GW) <757-587>
ISBN 978-3-16-164702-4 Ln. ¥44,893 (税込)

Robert Alexy hat sich tiefgehend mit den Grundlagen der demokratischen Verfassung auseinandergesetzt. Seine Hauptwerke, die *Theorie der juristischen Argumentation* aus dem Jahr 1978 und die *Theorie der Grundrechte* aus dem Jahr 1985, gelten weltweit als richtungsweisend auf den Gebieten der methodologisch orientierten Rechtstheorie einerseits und der Dogmatik fundamentaler Rechte andererseits. Seine Schrift *Begriff und Geltung des Rechts* aus dem Jahr 1992 hat eine vergleichbare Wirkung für die Diskussion um den Rechtsbegriff entfaltet. In zahlreichen weiteren Arbeiten hat er seine Theorien zu einem Gesamtansatz des demokratischen Grundrechtsstaates verwoben. Die vorliegende Festschrift aus Anlass seines 80. Geburtstags vereint Beiträge aus den

Reihen der deutschen Staatsrechtslehre und der Internationalen Vereinigung für Rechts- und Sozialphilosophie.

EU AI 法ーコメンタリー The EU Artificial Intelligence Act: A Commentary

Finck, Michèle, The EU Artificial Intelligence Act: A Commentary. 704 pp. 2026:1
(Oxford U. Pr., UK) <757-1047>
ISBN 978-0-19-892570-5 hard ¥51,012 (税込)

The EU Artificial Intelligence Act is the first regulation of its kind in the world, creating a new legal regime amid the rapidly evolving landscape of AI. This book provides an article-by-article commentary on the Act, offering a singular, cohesive perspective on its complex provisions. The analysis covers the final legislative text, as well as the relevant implementing acts and emerging soft law, which will provide insight into the Act's practical application and regulatory implications. Each provision is rigorously examined and contextualized within various areas of EU law including product liability regulation, fundamental rights, and data protection, as well as the evolving landscape of AI governance. A key resource for legal practitioners, academics, and policymakers, this commentary delivers a detailed and coherent interpretation of the EU AI Act within its wider legal and technological context.

- Offers a comprehensive and accessible commentary of each provision of the EU Artificial Intelligence Act
- Includes the latest updates, relevant implementing acts, and emerging soft law to inform the analysis
- Contextualizes the Act within various areas of EU Law and the evolving landscape of AI governance

Coal in Modern Britain: A Social and Cultural
History from 1830 to the Second World War

Mathis, Charles-François, Coal in Modern Britain: A Social and Cultural History from 1830 to the Second World War. 296 pp. 2025:9 (Bloomsbury Academic, UK) <757-1948>

ISBN 978-1-350-52329-6

hard ¥24,777 (税込)

This is the first book to examine the social and cultural significance of coal in British society in the 19th and 20th centuries.

An English-language translation of Charles-Francois Mathis's award-winning study, *Coal in Modern Britain* gets to the heart of Britain's evolving relationship with this controversial energy source. How did the general public use and manage coal on a daily basis? Did they readily accept it, did they reject it, and how? What were the material and cultural features of a society so reliant on coal? Historians have long considered the political, technical, and economic structures of energy systems, but here the vital social and cultural contexts are crucially

laid bare.

The book demonstrates how coal shaped the living environment and the ways of thinking of British people from the early 19th century through to the 'coal-minded' society of the 1940s that had become entirely focussed on this fuel as an energy source. Mathis emphasises the perspectives of ordinary consumers and looks at the 'energy cultures' that emerged in everyday life in Britain during the period. He looks at how coal impacted the land, cities and homes of modern Britain, along with the developing habits and routines surrounding coal use within the domestic setting. *Coal in Modern Britain* also reveals how coal was taught to children, both at school and at home, and how it was vehemently defended against its rivals of oil, electricity and gas during this peak time of fuel pre-eminence.

Elgar Encyclopedia of Corporate
Entrepreneurship and Intrapreneurship

Bouchard, Véronique (ed.), Elgar Encyclopedia of Corporate Entrepreneurship and Intrapreneurship. (Elgar Encyclopedias in Business and Management) 650 pp. 2025:12 (E. Elgar, UK) <757-4>
ISBN 978-1-03-533804-7

hard ¥52,470 (税込)

This Encyclopedia is a comprehensive and original resource that provides insight into how entrepreneurial practices are initiated, supported, and sustained within firms. It examines the field's evolution from foundational theories to current debates on governance, legitimacy, purpose, and performance. Analyzing key concepts, methods, roles, and organizational settings, entries explore established frameworks and emerging frontiers, to equip readers with the tools to navigate the complexities of corporate entrepreneurship.

Key Features:

- Addresses both individual and organizational entrepreneurial strategy, highlighting their crucial interplay
- Organized into thematic sections for targeted exploration and cross-sectional inquiry
- Includes nearly 100 multidisciplinary entries which feature insights from 68 leading academics, practitioners, and innovation leaders
- Engages with emerging themes spanning sustainability, public-sector innovation, and the emotional and political dimensions of intrapreneurship
- Covers both theory and practice by combining conceptual frameworks with field-based insights, tools, and case examples from multiple sectors and geographies

Linking innovation with culture and systems, this Encyclopedia is an essential reference for scholars and students of business and management, innovation, and entrepreneurship. Corporate innovation and transformation professionals, public sector leaders and policy-makers, will also benefit from its discussion of applications of corporate entrepreneurship in institutional and societal contexts.

国際的制裁百科事典 Elgar Encyclopedia of International Sanctions

Portela, Clara / Charron, Andrea / Sossai, Mirko (eds.), Elgar Encyclopedia of International Sanctions. (Elgar Encyclopedias in the Social Sciences) 816 pp. 2025:11 (E. Elgar, UK) <757-1022>
ISBN 978-1-03-533952-5 hard ¥58,300 (税込)

This multidisciplinary Encyclopedia provides a contemporary reference on international sanctions in politics and law. Assessing the topic from diverse perspectives, it analyses the growing prominence of international sanctions and the prolific practice of both established and emerging senders.

Expert contributors present a comprehensive overview of the evolving landscape of sanctions and the challenges associated with their categorisation and monitoring. Entries present the core aspects of sanction regimes, outlining the multifaceted measures across a range of case studies. The Encyclopedia is an essential and easily navigable reference source, examining international sanctions

from an interdisciplinary standpoint.

Key Features:

- Over 70 entries from scholars around the globe
- Discusses implementation and enforcement in both UN and non-UN regimes
- Reviews sanctions by regional and other international organisations, as well as individual and groups of states
- Covers key sanction episodes, the profiles of senders, types of measures, and the objectives of sanctions

This Encyclopedia is a crucial resource for students and scholars of international relations, economics, and politics. International policymakers, civil servants and legal practitioners will also benefit from its valuable insights.

ヘーゲルの『法の哲学』への新視点 New Perspectives on Hegel's Philosophy of Right

Davis, Andrew Alexander / Rand, Sebastian (eds.), *New Perspectives on Hegel's Philosophy of Right*. 256 pp. 2025:8 (Bloomsbury Academic, UK) <757-62>
ISBN 978-1-350-47605-9 hard ¥24,777 (税込)

This collection of new perspectives on Hegel's *Philosophy of Right* breaks down some of the most stubborn barriers between the book and its readers. From its polemical preface to its closing ruminations on the state and world history, Hegel's seminal text can appear antiquated and conservative to even the most motivated reader. These essays remove those obstacles by demonstrating how radical many of his reflections on politics and ethics remain some 200 years after its publication.

New Perspectives on Hegel's Philosophy of Right works through Hegel's ideas in two distinct stages. Its first half explains how a close reading of contested sections can reveal new possibilities for the interpretation of key issues like private property, family, conscience, patriotism and the executive branch - covering important topics from each of the three major sections of Hegel's text. The book's second half then considers Hegel's work in dialogue with contemporary political thought, legal studies, critical theory, economic theory and queer studies.

These essays show the rich interplay of Hegelian concepts and insights with pressing contemporary concerns, proving their continued relevance. Maintaining focus on how Hegel's work speaks to us today, this book offers readers an invaluable set of launchpoints to explore his lasting contribution to both the new and perennial concerns of philosophy.

女性と異端派経済学必携一過去、現在、将来
The Elgar Companion to Women and Heterodox Economics: Past, Present, and Future

Bernasek, Alexandra / Chester, Lynne (eds.), The Elgar Companion to Women and Heterodox Economics: Past, Present, and Future. 536 pp. 2025:12 (E. Elgar, UK) <757-273>
ISBN 978-1-03-532930-4 hard ¥69,960 (税込)

This pioneering book aims to rectify and reduce the historic marginalization of women's economic scholarship, underlining their contributions to the field of heterodox economics.

Written by women, the book centers women's voices, allowing them to represent themselves and their work. With most of the contributors originating beyond the Anglophone sphere, the book has a global outlook, pushing against the USA-centric scholarship on women in heterodox economics of recent decades. Focussing on why women are heterodox economists, and on their contributions to traditions in the field, chapters include first-hand accounts by both established and emerging heterodox economists covering their careers, influences, and thoughts on the future of the field. It also showcases the contributions of key women scholars to the development of dominant approaches including original institutional economics, feminist economics, Marxist economics, post-Keynesian economics and development economics.

A vital reference for heterodox economists around the globe, this Elgar Companion is also an enlightening read for scholars in political economy, sociology, history, political science, philosophy and gender studies.

Law, Morality and Economics: An Economic Analysis of Law and
Richard Posner's Theory of Wealth Maximization

Dorokhin, Victor, Law, Morality and Economics: An Economic Analysis of Law and Richard Posner's Theory of Wealth Maximization. (New Thinking in Political Economy) 288 pp. 2026:2 (E. Elgar, UK) <757-284>
ISBN 978-1-03-537949-1 hard ¥30,607 (税込)

This book reconceptualizes wealth maximization in law and economics, proposing a revised framework that integrates cognitive and moral dimensions into institutional analysis. Victor Dorokhin argues that wealth maximization must be constrained by the moral intuitions and normative expectations inherent in human cognition.

The author expands upon the concept of moral costs, highlighting the often-overlooked ethical trade-offs in standard economic models. He assesses the foundations of legal reasoning from an interdisciplinary perspective, outlining a cognitively grounded alternative to utilitarian and contractarian frameworks in legal analysis. Drawing on insights from the Austrian school, legal philosophy, neuroscience, and a critical engagement with Richard Posner's theory of wealth maximization, the chapters explore how institutions emerge not merely through rational design, but as responses to shared judgments about justice and legitimacy. The book also presents practical recommendations for legal policy, emphasizing the importance of aligning legal frameworks with the moral architecture of social agents.

Law, Morality and Economics is a valuable resource for scholars and students of legal economics and political economy. Providing normative guidelines and actionable policy suggestions, it is also beneficial for legal policy analysts and reformers.

イギリスの食料政策の歴史 UK Food Policy History: Economic, Social and Political Influences

Caraher, Martin / Furey, Sinead, UK Food Policy History: Economic, Social and Political Influences. (Routledge Studies in Food, Society and the Environment)
320 pp. 2025:12 (Routledge, UK) <757-1942>
ISBN 978-1-03-298682-1 hard ¥42,267 (税込)
ISBN 978-1-03-298680-7 paper ¥11,656 (税込)

This book provides an overview of the history of food policy in the United Kingdom, tracing economic, social and political influences from the 1840s to present day.

In order to understand current food policies, and the current food system, it is necessary to acknowledge the past influences that have led us to the present. Seeing food policy as a complex web of influences, this book traces food policy development from the period of public health reform during the 1840s, the impact of two world wars, the era of new food choices in the 1950s and 1960s, the beginnings of alternative food movement in the 1970s, 1980s and 1990s, to the modern and postmodern ages of consumer ethics and fair trade. It critically identifies the key influences across the different eras, both direct and indirect and formal and informal, as well as the key actors, and showcases how understanding the socio-political contexts supports our comprehension of food policy development and its adaptation to modern times. Following this roadmap, the book sets out the challenges ahead and discusses ways forward for a pragmatic and effective UK food policy that learns the lessons of the past.

This book provides an important introduction to the history of UK food and agricultural policy for students, scholars, policymakers and professionals, as well as those interested in food systems, public health and social policy more widely.

Connecting Europe and China:
Prospects for the Middle Corridor

Pomfret, Richard, Connecting Europe and China: Prospects for the Middle Corridor. 184 pp. 2026:1 (E. Elgar, UK) <757-317>
ISBN 978-1-03-536169-4 hard ¥24,777 (税込)

This timely book analyses how the EU and China have collaborated in financing and managing projects to improve the functioning of the Middle Corridor. It examines the EU's multifaceted view of China: as an economic competitor, a systemic rival and, increasingly, as a partner for cooperation.

In light of the 2022 sanctions imposed on Russian railways, this book evaluates the methods and likely outcomes of the EU and China's efforts to establish routes which bypass Russia and Iran. It explores the various modes of collaboration required to achieve this goal, involving the Caucasus, Central Asia and Tuerkiye, as well as the impacts of cooperation on Eurasian overland trade on these countries. Within the broader context of Sino-European relations, Richard Pomfret concludes by demonstrating how cooperation can be applied in other contexts to help stabilise an uncertain global economy.

Connecting Europe and China is an essential read for scholars and students interested in the role of the EU and China in the global system, particularly those in the fields of economics, politics, international relations and economic geography. It is also relevant for readers interested in the position of Central Asia and the Caucasus in the Eurasian landmass.

デジタルユーロの設計 Designing the Digital Euro

Mooij, Annelieke A. M., Designing the Digital Euro: Privacy and Security through Blockchain Design. 208 pp. 2026:2 (E. Elgar, UK) <757-344>
ISBN 978-1-03-539063-2 hard ¥26,235 (税込)

This pioneering book examines the legal, economic, and technological foundations of the proposed digital euro, and explores the potential design of an EU Central Bank Digital Currency (CBDC).

Annelieke A.M. Mooij provides insights into the suggested legal framework behind the digital euro, as well as the different actors involved in its development and implementation. She examines key design choices, such as single-tier versus dual-tier models, and their implications for financial stability and user access. The book assesses how a blockchain-based architecture has the potential to protect privacy while also ensuring compliance with fundamental rights and anti-money laundering legislation and cyber-resilience. Presenting a comprehensive analysis of the digital euro and its design, chapters combine legal and technological assessments of blockchain design choices in light of public policymaking.

Grounded in EU law and monetary policy, this concise and accessible book is essential reading for scholars and students of finance and banking law, internet and technology law, and regulation and governance. Practitioners in the field of financial law, analysts and policymakers who are introducing CBDC, and those working in fintech will also benefit from its valuable insights.

Globalization in a Turbulent Era

Cafruny, Alan / Talani, Leila S. (eds.), Globalization in a Turbulent Era. (In a Turbulent Era) 164 pp. 2025:12 (E. Elgar, UK) <757-350>
ISBN 978-1-03-533049-2 hard ¥23,320 (税込)

This timely book evaluates the causes and consequences of globalization and deglobalization in today's world. Written by leading international political economy scholars, *Globalization in a Turbulent Era* examines key phases of globalization alongside topical phenomena, including migration, radicalization, and US-China relations.

Contributors contextualize the history of globalization by exploring both conceptual and theoretical questions, as well as ongoing debates between skeptics and hyperglobalists. Chapter authors analyse the most important trends and events of the present historical conjuncture, including the origins and residual effects of the global financial crisis, the Eurozone crisis, the rise of populism and its impact on national economic policies, the transformation of US foreign economic policies under Trump and Biden, the changing nature of US power in the context of rising multipolarity, and the war in Ukraine. Focusing on global and regional scales, the book outlines the centrality of political-economic dynamics to resurgent geopolitical tensions.

This book is a crucial reference for scholars and students in the field of international political economy. Scholars and students in the fields of international relations, European public policy, and migration studies will also greatly benefit from the book's necessary insights.

ISBN 978-1-03-257370-0 hard ¥51,012 (税込)
ISBN 978-1-03-257368-7 paper ¥14,280 (税込)

This textbook explores the core concepts and contemporary themes of Consumer Behavior relating to the digital environment. Illustrated through lively short examples and longer case studies from around the world, the book explores how technology influences consumers' cognitive, affective, and behavioral aspects and how the consumer makes decisions in this context. Highly comprehensive, topics covered include data-driven consumer decision making, consumer value co-creation, consumer knowledge sharing, social media, social factors, customer experience, diversity, and inclusion. Each chapter begins and ends with a case, providing live situations where students can connect with the core concepts, chapter objectives, key learning points, and discussion questions to frame and structure learning.

Offering an in-depth understanding of the dynamic changes in consumer behavior, this text is ideal core reading for advanced undergraduate and postgraduate students studying consumer behavior particularly in the digital environment, customer experience management, digital marketing, and the digital consumer. Online resources include PowerPoint lecture slides and a test bank.

民法典の 125 年—法典化、判決、学問
125 Jahre Bürgerliches Gesetzbuch: Kodifikation,
Rechtsprechung und Wissenschaft

Jansen, Nils / Lohsse, Sebastian (Hrsg.), 125 Jahre Bürgerliches Gesetzbuch: Kodifikation, Rechtsprechung und Wissenschaft. 298 S. 2025:9 (Mohr, GW) <757-702> ISBN 978-3-16-200013-2 Brosch. ¥19,813 (税込)

Anders als das Grundgesetz ist das BGB nie zu einem Identifikationssymbol der deutschen Rechtswissenschaft geworden, und es scheint, dass die Privatrechtswissenschaft erst in den letzten Jahrzehnten begonnen hat, die tragenden Ideen ihrer Kodifikation (systematische Anlage; Trennung von Gesellschaft und Staat; Individualismus; formale Konzeptionen bürgerlicher Freiheit und Gleichheit) wertzuschätzen. Der Band, Ergebnis einer Ringvorlesung an der Universität Münster, nimmt das Gesetzbuch vor diesem Hintergrund aus historisch-vergleichender Perspektive in den Blick. Die Beiträge fragen nach den Hintergründen für das distanzierte Verhältnis der Wissenschaft zum BGB; sie untersuchen, wie Rechtsprechung und Wissenschaft immer wieder eigene Wertungen an die Kodifikation

herangetragen haben; sie rekonstruieren das Verhältnis von Kodifikation und Verfassung in der Geschichte des BGB; sie nehmen das BGB und die deutsche Wissenschaft aus der Distanz anderer Rechtsordnungen in den Blick; sie fragen nach der Tragfähigkeit bürgerlich-rechtlicher Systemvorstellungen; und sie suchen schließlich nach neuen Formen zukunftsorientierter Privatrechtswissenschaft.

A.アシュワース他著 利他主義と刑法 Altruism and the Criminal Law

Ashworth, Andrew / Rochefort, Juan Ignacio Piña, Altruism and the Criminal Law: Duties of Rescue and Tolerance. 200 pp. 2025:9 (Hart, UK) <757-824>
ISBN 978-1-5099-8576-0 hard ¥26,235 (税込)

This book explores the foundations of the principle of altruism and its relationship to the criminal law, examining the contrasting justifications for the duty of easy rescue and the duty of tolerance, both of which are based on altruism.

Since the days of Lord Macaulay and James Fitzjames Stephen, it has been said that English law does not usually punish omissions, and that altruistic duties are incompatible with the spirit of the common law. This book aims to show that this is not an accurate description of English criminal law, and that there is a strong case to be made for the opposite understanding, based on principles advanced by authors such as Adam Smith, Jeremy Bentham, John Stuart Mill and others. By analysing the duty of easy rescue - which imposes on individuals a duty to take steps to rescue a person in danger if this can be done without risk to the rescuer, or at least a duty to call the emergency services - and by comparing it with the well-known duties arising in cases of extreme necessity, it can be shown that altruism has plenty to say in different parts of the criminal law.

Having established the case for criminalising the failure to provide a simple rescue, a detailed analysis is made of the form that this criminalisation should take, bearing in mind the basic principles of English law and considering the strengths and weaknesses of the duty of easy rescue as it is formulated in various continental systems, including the German, French, Spanish and Italian criminal codes.

hard ¥24,777 (税込)

ISBN 978-1-03-533300-4

paper ¥4,794 (税込)

This highly informative Advanced Introduction explores a range of private law theories, highlighting the ways in which they affect the legal building blocks of social life, with a particular focus on property, contracts and torts.

Hanoch Dagan analyses how these leading modern theories function in key social spheres, including the market, workplace, neighborhood and within close relationships. He investigates the contribution of private law theories across a variety of legal fields, such as work law and choice of law, demonstrating the ways in which private law theory can yield significant explanatory and reformist results. In light of rapid technological change, economic globalization and the rise of new forms of family and personal relations, this Advanced Introduction examines and answers emerging challenges and questions in the field.

Key Features:

- Contains concise explanations of a wide variety of influential theories
- Provides both foundational and advanced analysis for readers of all levels
- Discusses current and future concerns such as artificial legal persons, transnational wrongs and structural injustice

Scholars and students of law, particularly those interested in property, contracts, torts, private law and legal theory more broadly will greatly benefit from this valuable resource.

ISBN 978-1-80392-759-6

hard ¥24,777 (税込)

ISBN 978-1-80392-761-9

paper ¥4,648 (税込)

Elgar Advanced Introductions are stimulating and thoughtful introductions to major fields in the social sciences, business and law, expertly written by the world's leading scholars. Designed to be accessible yet rigorous, they offer concise and lucid surveys of the substantive and policy issues associated with discrete subject areas.

This Advanced Introduction provides the first concise and integrated exploration of the five core sub-fields of international economic law (IEL) (trade, investment, money, finance, and tax). Gregory Shaffer and Michael Waibel assess the contested principles, concepts, and contemporary challenges of IEL.

Key Features:

- Brings together diverse perspectives to outline potential pathways for reform
- Examines binding law as well as non-binding instruments and mechanisms with significant impacts on private cross-border economic activity
- Analyses how these five core sub-fields implicate other areas of law, such as intellectual property, competition, labour, and environmental law
- Addresses critical issues and challenges in comparative chapters on governance and dispute resolution, liberalization and market access, non-discrimination, fairness, and state regulatory autonomy

This insightful Advanced Introduction is an excellent resource for students and scholars of IEL across its sub-fields. It is also a useful guide for policymakers and lawmakers interested in shaping and implementing IEL in light of contemporary challenges amidst considerable uncertainty.

ハーグ管轄合意に関する条約ーコメンタリーー The Hague Convention on Choice of Court Agreements: A Commentary.

Cuniberti, Gilles / Marshall, Brooke / Teitz, Louise E., The Hague Convention on Choice of Court Agreements: A Commentary. (Elgar Commentaries in Private International Law) 828 pp. 2025:12 (E. Elgar, UK) <757-1009>
ISBN 978-1-03-531417-1 hard ¥55,385 (税込)

This Commentary provides comprehensive analysis of the 2005 Hague Convention on Choice of Court Agreements that came into force in October 2015. Drawing on the contributors' expertise from a range of legal traditions, including Commonwealth and US common law, as well as French and German civil law traditions, it presents an article-by-article examination of the Convention. Each provision is carefully examined using diverse perspectives to ensure an in-depth understanding of its history, context and meaning. The Commentary outlines past scholarly research and controversies arising from interpretation as well as indicating avenues for future study.

Key Features:

- Provides an international and comparative perspective on the interpretation of the Convention
- Includes expansive reference to case law and legal literature, in a variety of languages, from across the globe
- Analyses the ways in which the Convention is implemented in several jurisdictions
- Presents insights into the negotiation of the Convention and the Hague Conference process

This Commentary is a crucial reference tool for practitioners in international dispute resolution and private international law. It is also a vital resource for scholars and students specialising in international dispute resolution in Asia, Europe, and the Americas.

N.ブロッカー他著 国際公法入門 第2版
**An Introduction to Public
International Law. 2nd ed.**

Rose, Cecily / Blokker, Niels / Dam-de Jong, D. et al., An Introduction to Public International Law. 2nd ed. 380 pp. 2025:12 (Cambridge U. Pr., UK) <757-1024>
ISBN 978-1-009-58038-0 hard ¥26,231 (税込)
ISBN 978-1-009-58037-3 paper ¥10,199 (税込)

Written for students working in a range of disciplines, this textbook provides an accessible, balanced, and nuanced introduction to the field of public international law. It offers the basic concepts and legal frameworks of public international law while acknowledging the field's inherent complexities and controversies. Featuring numerous carefully chosen and clearly explained examples, it demonstrates how the law applies in practice, and public international law's pervasive influence on world affairs. Aiming not to over-emphasize any particular domestic jurisprudence or research interest, this textbook offers a global overview of public international law that will be highly valuable to any student

new to the study of this very significant field. The 2nd edition has been updated to address the latest developments in the field. It includes new and current examples and cases in key areas, such as human rights law, criminal law, humanitarian law, and environmental law.

- Provides an accessible but nuanced introduction to public international law for students working in a range of disciplines
- Includes numerous clearly explained and carefully chosen examples, giving students necessary context for how the law applies in practice
- Offers a well-balanced account of the field of public international law, aiming not to over-emphasise the research interests of the authors or any particular domestic jurisprudence

世界貿易法必携 The Cambridge Companion to World Trade Law

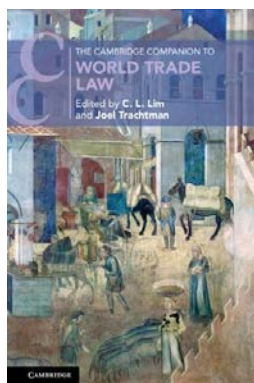

Lim, Chin Leng / Trachtman, Joel (eds.), The Cambridge Companion to World Trade Law. (Cambridge Companions to Law) 2026:2 (Cambridge U. Pr., UK) <757-1032>

ISBN 978-1-009-49015-3

hard ¥33,522 (税込)

ISBN 978-1-009-49013-9

paper ¥11,077 (税込)

The Cambridge Companion to World Trade Law offers expert but compact discussion of the diverse perspectives, enduring issues, and emergent challenges in the field. This volume offers a lively and thorough overview of the subject in all its dimensions. It takes stock of the state of the field of trade law without allowing current events to dominate key debates. It is intended to be appreciated not only by a legal audience as a collection of concise yet thoughtful reflective pieces, but also by readers across the fields of business, economics, finance, sociology, diplomacy, and international relations who may have no specialist trade law knowledge. It will appeal not only to the novice but also to the seasoned trade law expert who might wish to have at hand a single-volume compendium of current expert analysis across the different dimensions of trade law.

- Provides an overview of World Trade Law in all its parts, including inter-disciplinary and multi-disciplinary perspectives.
- Discusses enduring issues of the field in a fresh and up-to-date review.
- Introduces new issues and the challenges of incorporating them in the design of trade law and policy.

ポピュリズム再考 Rethinking Populism

Betz, Hans-Georg, Rethinking Populism. (Rethinking Political Science and International Studies) 176 pp. 2026:2 (E. Elgar, UK) <757-1093>
ISBN 978-1-80088-476-2 hard ¥24,777 (税込)

In this timely book, Hans-Georg Betz rethinks the concept of populism to address crucial questions around this complex, multifaceted and enduring political phenomenon. Betz provides a novel interpretative framework based on the extant theoretical and empirical literature and supported by primary sources.

Rethinking Populism highlights the divisive nature of populism, exploring the economic, social and political dynamics fuelling its rise and success. It tackles key facets of the field, including questions of identity, recognition, and the disruptions associated with globalization, financialization, digitalization and skill-biased technological change. Chapters address populism's endurance and past failures, offering diverse case studies that underscore the dynamics which engender populist mobilization. Betz illustrates how nativism, culture-wars, gender and emotions such as nostalgia and resentment are drivers of contemporary radical right-wing populism.

The book is an essential resource for students and academics in political science, political theory, economics, sociology and cultural history. It is also of interest to policymakers and practitioners involved in international politics and public policy.

W.ペロー他編 極右のグローバルな台頭
Backlash: The Global Rise of the Radical Right.

Kalb, Don / Bello, Walden (eds.), Backlash: The Global Rise of the Radical Right.
320 pp. 2026:5 (Pluto Pr., UK) <757-1138>
ISBN 978-0-7453-5199-5 paper ¥7,284 (税込)

We live in an age of counterrevolution. Liberal elites around the world are weaponising their fascistic narratives, creating political enemies of the 'other' as a means of consolidating even more power and wealth. While scapegoating minorities is nothing new, we have never seen it happen quite like this before.

Today, global capitalism is financialised, tech-driven and violently mercantilist. This collection of essays from leading researchers reveals new forms of the radical right, neo-nationalism, authoritarian neoliberalism, illiberalism and democratic backsliding.

Looking beyond the simplistic headlines, they reveal the deep systemic shifts that have been building for decades. Exploring India, Eastern Europe, the US, Argentina, Germany and more, *Backlash* draws the systemic connections between these seemingly nationalist movements, providing crucial information for those on the left looking for weaknesses in the terrifying rise of the right.

Unpacking "De-risking" China
in the Indo-Pacific Region

Lee, Karl Chee Leong / Damm, Jens et al. (eds.), Unpacking "De-risking" China in the Indo-Pacific Region: Origin, Evolution and Variations. (Origin, Evolution and Variations) 222 pp. 2025:12 (Routledge, UK) <757-1185>
ISBN 978-1-04-106126-7 hard ¥42,267 (税込)

Lee and editors bring together a group of international scholars to map the overall landscape of "de-risking" China - a concept that drew consensus among the Group of Seven (G7) countries.

Divided into three themes of conceptual evolution, national responses of individual Indo-Pacific countries and prospects of success with featured case studies, this groundbreaking work explores the origins and developments of "de-risking" China in a region that will define the twenty-first century. Drawing on rich findings by different scholars, it demonstrates that a wide spectrum of variations exists insofar as the Indo-Pacific countries' observance to the concept of 'de-risking' China. A must-read book for academics, scholars and university students of International Relations and Political Science as well as those interested in understanding the evolving dynamics of "de-risking" China among the Indo-Pacific countries today.

Foreign Intervention and Radicalization in Somalia (2001-2009)

Alegöz, Halil Ibrahim, Foreign Intervention and Radicalization in Somalia (2001-2009):
How and When Does Conflict Evolve into Violence. 194 pp. 2026:1 (Bloomsbury Academic,
UK) <757-1211>
ISBN 978-1-66696-485-1

hard ¥23,320 (税込)

Foreign Intervention and Radicalization in Somalia: How and When Does Conflict Evolve into Violence (2001 -2009) analyzes political violence within a broader political context in which the mobilization of social movements takes place. The central focus of this book is to explain the social mechanisms through which the radicalization processes unfolded on the part of al-Shabaab between 2001 and 2009 in Somalia. H. Ibrahim Alegöz traces the intricate interactions of social mechanisms that gave rise to the steady escalation of more militant forms of conflict from a relational, dynamic, and process-oriented perspective.

The book offers an alternative approach to the existing models linking violence to ideological preferences, cultural templates, or ethnic and state-centric pathologies. Alegöz argues that historical and contentious political interactions play a crucial role in explaining violence. The author demonstrates how the interests of local, regional, and international actors have overlapped within the Global War on Terror framework. The book finds that radicalization dynamics have undergone two consecutive episodes of contentious social interactions that, at the onset, were related to the formation of the Mogadishu-based warlord alliance and escalated following the Ethiopian military intervention in Somalia. It prompted a power vacuum which allowed al-Shabaab to expand its tactical repertoire of action and modify its target preferences into a relatively institutionalized, aggressive, and clandestine character.

K.Brown 著 毛沢東 Mao: Power and Contradiction

Brown, Kerry, Mao: Power and Contradiction. 280 pp. 2026:5 (Reaktion Books, UK)
<757-1261>
ISBN 978-1-83639-191-3 hard ¥5,535 (税込)

Mao Zedong lived one of the most epic and influential lives of the twentieth century. His impact on the People's Republic of China was vast. Half a century after his passing, he remains a divisive and controversial figure. This book gives an accessible narrative of his life, from the fall of the Qing dynasty in the early part of the twentieth century to the long years in which he struggled not only to ensure the Communist Party of China survived but that it then came to power after a civil war with the nationalists. Mao's tragic failures as ruler were some of the worst to ever befall a modern society, while his personal life remains a source of intense interest. Clear-eyed and non-partisan, this is the first accessible biography of Mao to appear in English for some time.

S.Broomhall 編 ジェンダーの文化史 全 6 巻 A Cultural History of Gender. 6 vols.

Broomhall, Susan (ed.), A Cultural History of Gender. 6 vols. (The Cultural Histories Series) 1600 pp. 2025:12 (Bloomsbury Academic, UK) <757-1662>
ISBN 978-1-350-33693-3 2026 年 3 月 15 日までの特別価格 hard set ¥115,142 (税込)
定価 hard set ¥128,260 (税込)

How has 'gender' been created, understood and experienced in different cultures over the centuries? How have differently gendered people interacted with community, economy and power? With a focus going beyond western assumptions about categories of the self, this set seeks to recognize the wide diversity of approaches to human identity and behaviors.

In a work that spans 2,500 years these ambitious questions are addressed by 62 experts, each contributing their overview of a theme applied to a period in history. With the help of a broad range of case material they illustrate broad trends and nuances of the culture of gender around the world from early civilization to the present. Individual volume editors ensure the cohesion of the whole, and to make it as easy as possible to use, chapter titles are identical across each of the volumes. This gives the choice of reading about a specific period in one of the volumes, or following a theme across history by reading the relevant chapter in each of the six.

The six volumes cover: 1. Early Civilizations; 2. Antiquity; 3. The Global Middle Ages; 4. The Early Modern World; 5. The Age of Modernity; 6. The Contemporary World.

Themes (and chapter titles) are: philosophy and science; Health and Medicine; Law; Politics and War; Economics; Creative Expression; Religion and Belief; The Non-Human World; Intimate Relationships.

The page extent for the pack is approximately 1600pp. Each volume opens with Notes on Contributors and an Introduction and concludes with Notes, Bibliography, and an Index.

大学ランキングの読み方及び解釈の方法 How to Read and Interpret University Rankings

Boeren, Ellen, How to Read and Interpret University Rankings. (How To Guides)
192 pp. 2026:2 (E. Elgar, UK) <757-1766>
ISBN 978-1-03-533345-5 hard ¥24,777 (税込)

This informative book provides an accessible guide to understanding higher education rankings and the data informing them. Highlighting their strengths and weaknesses, Ellen Boeren illustrates the methodologies behind a variety of leading university league tables including QS, Times Higher Education and ShanghaiRankings.

The author provides an in-depth discussion of the underlying data sources used by ranking compilers, presenting guidance on how to critically evaluate this information. She details the different indicators featured in university work, such as research, teaching, internationalisation, employment and industry. Chapters also investigate business school rankings, regional and domestic league tables and new alternative rankings investigating higher education's contribution to the Sustainable Development Goals.

This book is an essential reference for graduate students and researchers studying higher education, particularly those investigating quality assurance in higher education institutions. It is also an insightful guide for university leaders and administrators, as well as policymakers and rankings followers looking for a unique understanding of higher education data.

R.F.バウマイスター著 社会心理学入門 Concise Introduction to Social Psychology

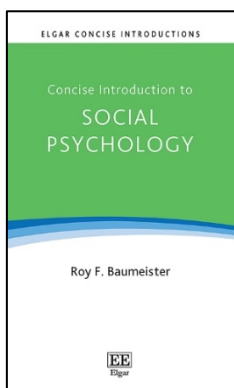

Baumeister, Roy F., Concise Introduction to Social Psychology. (Elgar Concise Introductions) 140 pp. 2026:1 (E. Elgar, UK) <757-1817>

ISBN 978-1-03-531545-1

hard ¥23,320 (税込)

ISBN 978-1-03-531547-5

paper ¥8,146 (税込)

Our Elgar Concise Introductions are inspiring and considered. They explain the key principles in business and social science and are expertly written by some of the world's leading scholars. The aims of the series are two-fold: to pinpoint essential concepts and to offer insights that stimulate critical thinking.

This compelling Concise Introduction establishes social psychology as a key influential approach to understanding thoughts, feelings and behaviors, surveying crucial articles and landmark research projects. Leading scholar Roy F. Baumeister draws on four decades of experience in social psychology to present an overview of the field, from its nascent phase in the 1950-60s to contemporary research.

Key Features:

- Concise and accessible chapters provide insights into social psychology: the study of how individuals think, feel and act
- Traces theoretical and methodological developments in social psychology since the mid-20th century and calls for greater inclusion of non-Western perspectives
- Explores key topics including the human self, prosocial and antisocial behavior, thought processes concerning social situations, prejudice, emotion and close relationships

The *Concise Introduction to Social Psychology* is a fundamental resource for students and researchers in social psychology, personality psychology and the wider social and behavioural sciences. Its erudite insights will also benefit practitioners, educators and other professionals looking for an introduction to the field.

Emotions and the Letter:
A History from Antiquity to the Present**

Barclay, Katie / Barnes, Diana G. (eds.), Emotions and the Letter: A History from Antiquity to the Present. (History of Emotions) 240 pp. 2025:11 (Bloomsbury Academic, UK) <757-1855>
ISBN 978-1-350-34515-7 hard ¥24,777 (税込)

From hate mail to suicide notes to begging letters, this book explores the relationship between letter writing and emotion through case studies from antiquity to the 21st century. It shows how the epistolary form has offered a wide range of ways to communicate private feelings, make public statements and offers a rich historical source to explore how people have performed emotions for a range of audiences.

Emotions and the Letter shows how this long-standing historical source can provide insights into a diversity of emotion traditions. Uses of the letter in different periods and its emotional potential reflect important interactions between individuals and society, private and public, aesthetics and authenticity. Applying approaches and methods from the history of emotions, literary studies and affect studies, this collection significantly advances our understanding of why letters remain a critical mode of communication and explores how to analyse letters for historical emotions research.

古代ローマにおける怒りと政治
— 共和政後期から帝政初期まで
Anger and Politics in Ancient Rome: From the
Late Republic to the Early Empire

Knight, Jayne, Anger and Politics in Ancient Rome: From the Late Republic to the Early Empire. (History of Emotions) 264 pp. 2025:12 (Bloomsbury Academic, UK) <757-1886>
ISBN 978-1-350-56126-7 hard ¥24,777 (税込)

Anger and politics are clearly intertwined in modern Western societies, but when we look back at ancient Rome we see that anger may have permeated Roman politics to an even greater degree.

Through careful analysis of a rich body of surviving literary evidence, this book offers insights into ancient attitudes about political anger from diverse perspectives, and provides an assessment of anger's role in the performance and construction of elite Roman political identity during the transition from Republic to Principate.

With a focus on the use of anger in public speaking and imperial leadership, Jayne Knight shows how this emotion was conceptualised as a pragmatic but inherently risky political tool. Highlighting the importance of emotional persuasion in ancient oratory, the centrality of rhetorical training in elite Roman education and the ways in which orators deployed anger in diverse political scenarios, this book reveals how the use of anger-based strategies was influenced by historical and socio-political contexts. Rome's transition to an increasingly autocratic form of government was marked by a heightened focus on the anger of individual political actors, a process which has striking parallels with modern events. With the establishment of the Principate, the agency politicians had to express and direct anger in public was limited, and discourse on political anger accordingly shifted its focus to the figure of the emperor and the power of his anger. Identifying the prominence of anger in late Republican and early imperial politics, and showing how anger could be used in both politically constructive and destructive ways by elite society, this book illuminates the emotional landscape of some of the most famous figures and episodes in Roman history.

P.カートリッジ著 ペリクレス
Pericles: Statesman, Demagogue, Eccentric

Cartledge, Paul, Pericles: Statesman, Demagogue, Eccentric. (Great Lives of the Ancient World) 240 pp. 2026:6 (Reaktion Books, UK) <757-1873>
ISBN 978-1-83639-200-2 hard ¥4,660 (税込)

Pericles, the Athenian statesman, was a towering figure of his era, renowned for promoting Athenian democracy, shaping the Athenian Empire and championing the arts, notably through the Parthenon's creation. Born to aristocracy, he was a fervent democrat, a masterful demagogue in the ancient sense and an eccentric in his personal life. Paul Cartledge explores Pericles' life, examines Athenian history and provides an insightful account of Pericles' political career, his role in Athens's building programme, his intellectual connections and his love life. Cartledge further considers Pericles' reputation in the theatre as well as the ways in which he has been represented over the centuries from antiquity to the present day. This is a nuanced, illuminating and lively portrayal of a remarkable politician.

hard ¥18,947 (税込)

ISBN 978-1-350-53863-4

paper ¥6,409 (税込)

Violence was a constant on all colonial frontiers, from the British expansion into the Australian and African continents, to the expansion of the United States and the Napoleonic Empire's many incursions into Europe. Yet how did the forms of violence perpetrated in these four corners of the world compare? Did the oppression and exploitation of colonized peoples constitute a new form of violence? Or was it the same that Europeans had always used against conquered peoples?

In this book, four experts specializing in four different regions of the world come together to interrogate the violence committed against Indigenous peoples between 1780 and 1820. Showing how violence and massacre were a tool at the disposal of the colonizer, and often used to subjugate unruly populations, they examine the changing nature of warfare and killing from both a European and Indigenous perspective. *Empires of Violence* shows how race, othering and fear were maintained and buoyed by violence, in spite of prevailing discourses on humanitarianism, civilization and progress.
